developmental  
disabilities**

## Helping to build an inclusive community

The primary focus for Maumee Valley Chapter Partners for Inclusion, formerly Maumee Valley Civitan, is to enhance the quality of life for persons with developmental disabilities through the organization of inclusive activities in the community.

That often means:

- Planning and executing inclusive events in the community involving sports, theater, social activities, and dining;
- Helping individuals with developmental disabilities understand ballot issues and their voting rights;
- Supporting organizations that help individuals access their community, such as Best Buddies; and
- Involving individuals with developmental disabilities in club decision-making and planning.

### The passion

Members feel a common passion toward helping improve the quality of life of people with developmental disabilities. We do this by breaking down attitudinal barriers that often stand in the way of full inclusion in community life.

As a member you'll be active in committee work where your talents and interests will help the club fulfill its mission. During the monthly general meetings, each club member will have the opportunity to contribute to the discussion.
