Maumee Valley Chapter Partners for Inclusion

Working to build
a more inclusive
community
for persons
with
developmental
disabilities

Helping to build an inclusive community

The primary focus for Maumee Valley Chapter Partners for Inclusion, formerly Maumee Valley Civitan, is to enhance the quality of life for persons with developmental disabilities through the organization of inclusive activities in the community.

That often means:

- Planning and executing inclusive events in the community involving sports, theater, social activities, and dining;
- Helping individuals with developmental disabilities understand ballot issues and their voting rights;
- Supporting organizations that help individuals access their community, such as FANS; and
- Involving individuals with developmental disabilities in the organization's decision-making and planning.

The passion:

The passion behind Partners for Inclusion is a vision of an improved quality of life for people with developmental disabilities. We focus on breaking down attitudinal barriers that often stand in the way of full inclusion in community life.

Activities include:

- Being a major supporter of CommUNITY FilmFest;
- Sponsor with the Toledo/Lucas County Commission on Disabilities of the annual Voters Forum;
- Organizing community outings, such as trips to see the Walleye and Mud Hens and to Cedar Point;
- Working with FANS on the Goodwill clothing drives; and
- Providing scholarships to individuals with developmental disabilities seeking higher education.
